

## Technical Parameter

|                     |                                  |
|---------------------|----------------------------------|
| Item No.            | 1755-XX-3W-Big                   |
| Lumens              | 240 / 270 lm                     |
| Input Voltage       | 12VAC/DC                         |
| Power               | 3W                               |
| Color Temperature   | 3000K/6000K                      |
| Material            | Stainless Steel / Tempered Glass |
| Protection Class    | IP65                             |
| Ambient Temperature | -25°C ~ +55 °C                   |
| Lamp Size           | 6.7" x 2.75" x 2.16"             |
